River City Ransom (ダウンタウン熱血物語, Downtown Nekketsu Monogatari?, "Downtown Hot-blooded Story"), later released as Street Gangs in the PAL regions, is an open world action role-playing beat 'em up game for the NES. It was developed by Technos Japan and originally released in Japan on April 25, 1989. It is the third game in Technos' Kunio-kun series released for the console, preceded by Renegade and Super Dodge Ball. Like its predecessors, River City Ransom underwent great changes in its storyline and graphical presentation during its localization in order to make the game more palatable in the Western market. It was one of the first console games published by North American subsidiary American Technos. Remakes of the game have been released for the Sharp X68000, PC-Engine Super CD-ROM², and Game Boy Advance. The NES version was re-released for the Nintendo Wii Virtual Console in 2007 as well as the Nintendo Wii U Virtual Console in October 2015. It was also released on the Nintendo 3DS Virtual Console in the PAL Regions on July 25, 2013 and in North America on November 14, 2013. It was released again on the Nintendo Switch Online service on its launch day, September 18, 2018. In 2020, it was translated in Double Dragon & Kunio-kun Retro Brawler Bundle as Downtown Nekketsu Story, with the original story and characters, edit Site Navigation •RPCClassics Main •Contact Maintainer Shrine Navigation •Shrine Home •Abilities •Bosses •Cheats & Codes •Downloads •Game Booklet •Gameplay •Gangs •Good Guys •Hacking •Maps •Shopping List •Thanks •Tips •Walkthrough •Weapons The Flatirons Mall is so large it sprawls over two sections, so there's a west portion and an east portion. With so many shops, it can be hard to determine the best way to spend your hard earned cash. But there's one store that's an absolute game changer: Happy Feet Shoes in the east side. Shoes are a very expensive investment, but combined with the Dragon Feet technique, they have the power to transform into an unstoppable kicking machine. The only question is how much you're willing to spend. If you can hold out for the most expensive option, the Texas Boots for \$99.95, and equip them, you will never have to invest in your Kick and Agility stats for the rest of the game. Wearing them, normal grunt will fall with a single attack. They are a worthwhile investment if you can grind for the cash. As for the rest of the stores, The Roman Cow offers good stamina restoring refreshments with some small stat boosts. The candy shop is actually a very economic way to tweak individual stats that you'd like to raise. The Toy Store is a tad expensive for what it has to offer, but the CD Store is a bit more reasonable for useful Stamina boosts that you can take on the go with you, with additional stat bonuses. However, a pair of barriers in the middle present you with a nice opportunity to catch a break from the fighting, as the enemies won't follow you up there. Gang members will happily make use of the boxes and rocks scattered around the area, so be on your guard, or throw them off screen to take them out of the equation. Vacant 3rd Wheel Factory Entrance[edit] | Flatirons Downtown East | / | Vacant 3rd Wheel Factory Interior A | You'll arrive on a street in front of a seemingly abandoned factory. Gang members that occupy this turf like to make use of the boxes and tires around the area. Don't go running to the right, or you'll slam into the visible dead-end. Your next destination is actually through the doors of the factory. Vacant 3rd Wheel Factory Interior [edit] Vacant 3rd Wheel Factory Entrance– Vacant 3rd Wheel Factory Interior B– You'll be attacked by gang members as soon as you set foot inside the building. It's important to note that if you fall off the ledge in front of the entrance, you instantly die and return to the Flatirons Mall, so be careful. Walk along the top portion by the entrance until you can safely drop down to the area below. Dropping down is a one-way trip, so make sure you've bought everything you want from Flatirons Mall before you proceed. Even on this bottom section, you can still fall to your death if you walk too low. Make your way to the open door on the right to return to the upper portion of the factory interior, in order to continue through the doors on the far right. Vacant 3rd Wheel Factory Interior B[edit] Vacant 3rd Wheel Factory Interior A– Oak Hill Downtown– Upon arriving here, if you've defeated all of the other Zombie bosses, Thor will be waiting for you in the back of the room. If you haven't defeated all of the necessary bosses first, then the area will be infested with gang members like a normal stage. It goes without saying that you should avoid the huge gap in the middle of the room, and use the ledge in the back to reach the right side safely. Thor will be waiting for you, but even after he finishes speaking, he won't attack until you drop down to his platform. You can use this to your advantage throughout the fight. If he gets the better of you, you can jump back up to the ledge to get a breather in before jumping back down to resume the fight. Thor won't go down easy. Throw him against the wall a couple of times to rough him up, but do NOT throw him into the gap, or your victory won't count. If this happens, leave the room and return to start the fight over. Upon defeating Thor, he lets you know that Ivan guards the gate to the High School. He is your next target.
